A special edition of *SafetyNet* designed especially for the Business Administrator

Claim Petitions

Injured employees are entitled to file Claim Petitions with the Workers' Compensation Court. These can be served on the employer directly or they can be served on us as the insurance carrier. It is crucial that these documents be answered by our attorneys immediately. If not, a default judgment can be entered by the Court, awarding the employee benefits without giving us a chance to defend the claim. Therefore, if you receive a Claim Petition, or even a Letter of Representation from an employee's attorney, please get it to us immediately.

You can contact Connie Rogers at 609-386-6060 extension 3015 (crogers@njsbaig.org) or Lou Giannetto at extension 3011 (lgiannetto@njsbaig.org), or fax the documents to us at 609-386-8877.
