### THE FUTURE

The North Jersey Educational Insurance Fund (NJEIF) will continue to grow as other districts realize the benefits and cost savings of being a member.

The NJEIF provides Loss Control Services to all members. Good loss control practices along with managed care services should lead to favorable overall experience for the fund. At such time that the NJEIF's experience is better than the overall New Jersey School Boards Association Insurance Group's, the fund may benefit from their own rating structure.
